International Fly Fishing Film Festival 2018 was shown at the Kenworthy Theater in Moscow on Monday November 5th. Short films regarding fly-fishing in numerous locations and situations were shown including catching sharks on a fly, bull trout fishing, a fly fishing visit to Thailand and training local young people to fly fish, Alaska fishing and exploring for and eventually finding the elusive Artic Char. A silent auction and a brief live auction added to the fun evening. The event was attended by nearly 100 participants and has proven to be an excellent fundraiser for the club. The group is looking for any used clothing that you can donate. They are mainly in need of wading boots and waders for men and women. A few women have taken the class and are in need of some equipment. Even though this is an Elks program, the majority of helpers are members of Clearwater Fly Casters. If you have gear you are willing to part with, please pass it on to Cliff Swanson who will be passing the items on to the Elks program.

Scholarships:

Clearwater Fly Casters in Collaboration with Kelly Creek Flycasters award Scholarships each year to worthy graduate students from the University of Idaho, Washington State University and Eastern Washington University. Scholarship Awards will be announced at the May meeting of the club.

Conservation Committee:

Conservation committee chair, Doug Baldwin, continues to have great concerns about the "Columbia River Policy Review and Next Steps" issue that is increasingly frustrating with lack of action and a continued use of non-selective gillnetting on the Columbia River system. Doug has attended WDFW meetings regarding this issue and hopefully he will have something positive to report at our November Meeting.

Membership Committee:

Paul Agidius, Membership Committee Chair, reminds the CFC members that dues for the upcoming year are now due. Dues are \$25/yr. for individuals and \$35/yr. for families.

With the UV Resins that came on the market now make tying epoxy type flies easier to tie. You do not have to place your fly on a rotating drying rack and wait 5 to 10 minutes for them to dry. You can change the color of the materials to match the shrimp in your area.
